

## 1. Chemical Product and Contact Information

**Product Name:** 10% Phosphoric Acid Etching Gel

**Material Safety Sheet Number:** 00033

Date of Issue: 1/25/94

Revision Date: 9/28/00

**Company Identification:** *Pentron Clinical Technologies, LLC*

P.O. Box 724

Wallingford, CT U.S.A. 06492

Phone: **800-551-0283**

203-265-7397

**Emergency Information Chemtrec:** **800-424-9300**

**Chemtrec International:** **202-483-7616**

## 2. Composition/Information on Ingredients

Chemical characteristics: 10% phosphoric acid.

Description: 10% phosphoric acid dispensed in polymer and/or silica thickened gel.

Hazardous components: Phosphoric acid.

CAS NR:	Name:	% R-classification:
766-4-38-2	H <sub>3</sub> PO <sub>4</sub>	Unknown.

## 3. Hazard Identification

Hazardous Components: Phosphoric Acid.

1mg/M<sup>3</sup>

OSHA PEL

ACGIH TL

1mg/M<sup>3</sup>

Avoid eye contact.

Avoid ingestion/inhalation.

Avoid contact with skin, mucous membrane and oral mucosa.

## 4. First Aid Measures

General information: Unknown.

After skin contact: Remove with copious amounts of water and paper towel.

Consult a physician if irritation occurs.

After eye contact: Flush 15 min. with copious amounts of water, an ophthalmologist is needed.

Rinse/flush with alkaline/saline solution under physician care.

After swallowing: Consult a physician immediately. Rinse oral cavity with water and exude or

expectorate. Induce vomiting. Seek fresh air.

Prolonged contact: Eyes, corneal abrasions, skin-oral mucosa - sensitivity, burning sensation, lesions, inflammation and ulcerations.

## 5. Fire Fighting Measures

Extinguishing media: Carbon dioxide, dry chemical powder or appropriate foam.

Protective equipment: Wear self-contained breathing apparatus and protective clothing to prevent contact with skin and eyes.

## 6. Accidental Release Measures

Personal precautions: Protective gloves, goggles and others are recommended.

Environmental precautions: None known.

Methods for cleaning up: Collect by mechanical means after binding with absorbing material (saw dust/sand/vermiculite, soda ash, etc.) and dispose appropriately. Remove residues with paper towel.

Additional information: Unknown.

## 7. Handling and Storage

Store material at or below room temperature 73°F, 23°C. Avoid moisture, oxidents, acids, alkalies, salt, metals, amines, peroxide catalysts; cap after usage. Material will desiccate and partially harden if maintained in contact with air - uncapped.

Avoid skin, mucous membrane, oral mucosa and gingival (gum tissue) contact.

Avoid eye contact and ingestion.

Allow to bench rest and attain room temp. prior to usage.

Ventilation: Yes.

Local Exhaust: Yes.

Isolation: Goggles, gloves, intraoral rubber dam recommended. Use fresh disposable needles or brush tips for dispensing/application with each patient. Avoid cross contamination.

## 8. Exposure Controls/Personal Protection

Additional information for

technical plants: Unknown.

Components with limits of values to be supervised at the workplace:

CAS-Nr.	Name	%	Art	Value	Unit
---------	------	---	-----	-------	------

The product contains no relevant quantities of components with limits of values to be supervised at the workplace.

Additional information:

Personal protective equipment: Wear protective clothing, lab coat, goggles, face mask (inorganic) and gloves.

General measure of protection

and hygiene: Normal hygienic measures.

Respiration: Unknown.

Hands: Protective gloves.

Eyes: OSHA approved goggles.

## 9. Physical and Chemical Properties

Appearance: Form: Gel.  
 Color: Green.  
 Odor: None.

	Value	Unit	Method
Information on change in the physical state			
Melting point/melting range:	Not applicable.		
Boiling point/boiling range:	Not applicable.		
Flash point:	Not applicable.		
Autoignition temperature:	Unknown.		
Danger of explosion:	Unlikely.		
Density:	1-1g/cm <sup>3</sup>		
Vapor pressure:	Not applicable.		
Viscosity:	Not applicable.		
pH:	1.0		
Solubility in/miscibility with:	None.		
Water:	Dissolve with water.		
Content of solvents:	≥60%		
Organic solvents:	None.		
Water:	≥60%.		
Content of solids:	≥2%.		

## 10. Stability and Reactivity

Incompatibility with other substances: Strong bases, finely powdered metals.  
 Hazardous decomposition products: Thermal decomposition may produce toxic fumes.

## 11. Toxicological Information

Acute toxicity: May be harmful if absorbed through the skin, if swallowed.  
 Material is destructive to the mucous membranes, upper respiratory tract, eyes and skin.  
 TLV: Unknown.  
 Primary Routes of entry: Inhalation, skin, and eyes.

## 12. Ecological Information

General information: Data not available.  
 Classification of water endangment: Unknown.

## 13. Disposal Considerations

Disposal consideration: Contact a licensed waste disposal service.

## 14. Transport Information

Not classified as dangerous goods.

## 15. Regulatory information

Classification according to EEC guidelines: Unknown.  
 National Prescriptions: Unknown.  
 Classification according to VbF: Unknown.

## 16. Other Information

Revision Summary: The following revisions were made on January 14, 2000:  
 - Section 6. • Added protective gloves, goggles and others are recommended to Personal Precautions.  
 - Section 9. • Changed water from none to ≥60%.

The information and recommendations set forth herein (hereinafter "information") are presented in good faith and believe to be correct as of the date hereof. *Pentron* Clinical Technologies, LLC however, makes no representations as to the completeness or accuracy of this information and supplies it on the condition that the persons receiving same will make their own determination as to its suitability for their purposes prior to use.
